created by Act of Congress, and supported by the people. The Postal Service shall have as its basic function the obligation to provide postal services to bind the Nation together through the personal, educational, literary, and business correspondence of the people. (c) As an employer, the Postal Service shall achieve and maintain compensation for its officers and employees comparable to the rates and types of compensation paid in the private sector of the economy of the United States. It shall place particular emphasis upon opportunities for career advancements of all officers and employees and the achievement of worthwhile and satisfying careers in the service of the United States.

(d) Postal rates shall be established to apportion the costs of all postal operations to all users of the mail on a fair and equitable basis.

(e) In determining all policies for postal services, the Postal Service shall give the highest consideration to the requirement for the most expeditious collection, transportation, and delivery of important letter mail.

(f) In selecting modes of transportation, the Postal Service shall give highest consideration to the prompt and economical delivery of all mail and shall make a fair and equitable distribution of mail business to carriers providing similar modes of transportation services to the Postal Service. Modern methods of transporting mail by containerization and programs designed to achieve overnight transportation to the destination of important letter mail to all parts of the Nation shall be a primary goal of postal operations.

(g) In planning and building new postal facilities, the Postal Service shall emphasize the need for facilities and equipment designed to create desirable working conditions for its officers and employees, a maximum degree of convenience for efficient postal services, proper access to existing and future air and surface transportation facilities, and control of costs to the Postal Service.

“(b) During the period beginning on the date of the enactment of this Act [Aug. 13, 1981] and ending December 31, 1982, no Executive agency shall take any action to conform its mailing procedures to those appropriate for use under any ZIP code system using more than 5 digits. (9) to authorize the issuance of a substitute check for a lost, stolen, or destroyed check of the Postal Service.

(b)(1) The Postal Service, prior to making a determination under subsection (a)(3) of this section as to the necessity for the closing or consolidation of any post office, shall provide adequate notice of its intention to close or consolidate such post office at least 60 days prior to the proposed date of such closing or consolidation to persons served by such post office to en-

sure that such persons will have an opportunity to present their views.

The Commission shall review such determination on the basis of the record before the Postal Service in the making of such determination. The Commission shall make a determination based upon such review no later than 120 days after receiving any appeal under this paragraph. The Commission shall set aside any determination, findings, and conclusions found to be—

(A) arbitrary, capricious, an abuse of discretion, or otherwise not in accordance with the law;

(B) without observance of procedure required by law; or

(C) unsupported by substantial evidence on the record.

The Commission may affirm the determination of the Postal Service or order that the entire matter be returned for further consideration, but the Commission may not modify the determination of the Postal Service. § 414. Special postage stamps

(a) In order to afford the public a convenient way to contribute to funding for breast cancer research, the Postal Service shall establish a special rate of postage for first-class mail under this section.

(b) The rate of postage established under this section—

(1) shall be equal to the regular first-class rate of postage, plus a differential of not less than 15 percent;

(2) shall be set by the Governors in accordance with such procedures as the Governors shall by regulation prescribe (in lieu of the procedures under chapter 36); and

(3) shall be offered as an alternative to the regular first-class rate of postage.

The use of the special rate of postage established under this section shall be voluntary on the part of postal patrons. The special rate of postage of an individual stamp under this section shall be an amount that is evenly divisible by 5.

(c)(1) Of the amounts becoming available for breast cancer research pursuant to this section, the Postal Service shall pay—

(A) 70 percent to the National Institutes of Health; and

(B) the remainder to the Department of Defense.

Payments under this paragraph to an agency shall be made under such arrangements as the Postal Service shall by mutual agreement with such agency establish in order to carry out the purposes of this section, except that, under those arrangements, payments to such agency shall be made at least twice a year.

(2) For purposes of this section, the term “amounts becoming available for breast cancer research pursuant to this section” means—

(A) the total amounts received by the Postal Service that it would not have received but for the enactment of this section, reduced by

(B) an amount sufficient to cover reasonable costs incurred by the Postal Service in carrying out this section, including those attributable to the printing, sale, and distribution of stamps under this section,

as determined by the Postal Service under regulations that it shall prescribe.

(d) It is the sense of the Congress that nothing in this section should—

(1) directly or indirectly cause a net decrease in total funds received by the National Institutes of Health, the Department of Defense, or any other agency of the Government (or any component or program thereof) below the level that would otherwise have been received but for the enactment of this section; or

(2) affect regular first-class rates of postage or any other regular rates of postage.

(e) Special postage stamps under this section shall be made available to the public beginning on such date as the Postal Service shall by regulation prescribe, but in no event later than 12 months after the date of the enactment of this section.

(f) The Postmaster General shall include in each report rendered under section 2402 with re-

spect to any period during any portion of which this section is in effect information concerning the operation of this section, except that, at a minimum, each shall include—

(1) the total amount described in subsection (c)(2)(A) which was received by the Postal Service during the period covered by such report; and

(2) of the amount under paragraph (1), how much (in the aggregate and by category) was required for the purposes described in subsection (c)(2)(B).

(g) For purposes of section 416 (including any regulation prescribed under subsection (e)(1)(C) of that section), the special postage stamp issued under this section shall not apply to any limitation relating to whether more than 1 semipostal may be offered for sale at the same time.

(h) This section shall cease to be effective after December 31, 2007.
